INFORMATION DISCLOSURE STATEMENT

Enclosed is a copy of an International Search Report (4 pages in German PCT/ISA/210) by the EPO (European Patent Office) as the international searching authority from the present international application listing 10 references and their relevant portions is presented.

In the International Search Reports the references listed in category A mean that these references define the general state of the art which is not considered to be of particular relevance with respect to the listed claims. The reference listed in category X means the document is of particular relevance; the claimed invention cannot be considered novel or can not be considered to involve an inventive step when the document is taken alone with respect to the listed claims. The reference listed in category E means that the document is an earlier document but published on or after the international filing date. The references listed in category Y mean that these documents are of particular relevance; the claimed invention cannot be

considered to involve an inventive step when the document is combined with one or more other such documents, such combination being obvious to a person skilled in the art.

The four pages of the International Search Report are in the German language wherein the German words: "Kategorie" means category, "Bezeichnung der Veröffentlichung, soweit erforderlich unter Angabe der in Betracht kommenden Teile" mean citation of document, with indication, where appropriate, of the relevant passages, "Betr. Anspruch Nr." means concerning claim no(s) ., "das ganze Dokument" means entire Document, " in der Anmeldung erwähnt" means mentioned in the application, "Abbildung" means Fig(s). or illustrations, "Spalte" means column, "Zeile" means line, "Absatz" means paragraph, "Seite(n)" means page(s). For relevance of the references/documents please refer to the International Search Report (copy enclosed) setting forth the relevance of the references. Since the four US Patents and four the foreign references are in English in English and since the above translation now points out in English the relevant portions of the citations listed in the International Search Report, no further concise explanation should be required.

Two PTO-1449 forms are presented to list all 11 different references, ten of which are disclosed in the International Search Report and one reference namely US Patent 1,989,714 disclosed and discussed on specification page 1+.

A total of 11 reference are submitted.

Translations of the foreign language references are not available to the undersigned.

This submission meets the requirements of 37 CFR §1.56, 1.97 and 1.98(a) and MPEP 609.

Respectfully submitted
Udo Suffa
